ATTENTION

注意

Carefully read instruction sheet before assembling. When you use glue or paint, do not use near open flame and use in well ventilated room. Keep out of reach of small children. Children must not be allowed to suck any part, or pull vinyl bag over the head.

Před započatím stavby si pečlivě prostudujte stavební návod. Při používání barev a lepidel pracujte v dobře větrané místnosti. Lepidla ani barvy nepoužívejte v blízkosti otevřeného ohně. Model není určen malým dětem, mohlo by dojít k požití drobných dílů.

2.) LIQUID MASK

A ZG757, 43. squadrona, RAF Station Leuchars, Velká Británie, 2006

Jedním ze speciálních zbarvení, poukazujících na tradici jednotky trvající již od 1. světové války, se pyšnil letoun od 43. squadrony v celočerném lesklém kabátě, se znakem jednotky na kýlovce k 90. výročí založení útvaru. Později byla černá barva odstraněna z přídě a následující rok zůstaly v černé barvě pouze hřbet trupu a svislá ocasní plocha.

B ZE339, 56. squadrona, RAF Coningsby, Velká Británie, 2000

56. squadrona, jednotka s tradicí sahající až do léta 1916, v jejíž výzbroji byly od roku 1976 Phantomy FGR Mk.2, byla rozpuštěna k 1. červenci 1992. Jméno i tradice převzala 229. OCU, jednotka provádějící přeškolování osádek Tornad F.3. V roce 2000 byla kamufláž stroje ZE339 doplněna o atraktivní doplňky vztahující se k pojmenování jednotky (Firebirds). V roce 2008 byla 56. squadrona rozpuštěna a její jméno a tradice převzala jednotka AIR C2ISR OEU sídlící na základně Waddington a provádějící operační testování strojů Sentry AEW Mk.1, Sentinel R Mk.1 a všech používaných verzí strojů Nimrod.

D ZG753, 111. squadrona, RAF Leuchars, Velká Británie, 2007

111. squadrona obdržela první Tornada F.3 jako náhradu za Phantomy FG.1 v roce 1989 a používala je až do 22. března 2011, kdy byla tato jednotka rozpuštěna. Stroji ZG753, vyrobeném v roce 1991, začal během přeletu z Falklandských ostrovů do Velké Británie, 500 km severně od ostrova Ascension, hořet jeden z motorů. Během nouzového přistání na tomto ostrově utrpěl stroj poškození, byl převezen zpět do Velké Británie a po prohlídce určen na náhradní díly. Jméno O Bandeirante bylo u "Treble One" poprvé použito v roce 1942. Objevilo se na Spitfiru jako výraz vděku Brazilcům a v Brazílii žijícím britským občanům, kteří dali finanční prostředky na zakoupení Spitfirů pro RAF.

E ZE785, Operational Evaluation Unit, RAF Waddington, Velká Británie, 2003

Vyhodnocování výkonů a používání zbraní a systémů u strojů Tornado F.3 probíhalo od roku 1987 u OEU sídlící na základně Waddington. Činnost této jednotky usnadňovala zavádění strojů u bojových jednotek a během jejich provozování pak posuzování výkonů pokračovalo s cílem maximálního využití jejich schopností. Roku 2003 padlo rozhodnutí rozpuštění OEU v roce následujícím. ZE785 pak posloužil jako nosič atraktivního zbarvení vytvořeného právě k příležitosti ukončení činnosti OEU.
